The General Council is aware of the great solidarity that is being offered, among the different Units of the Society (between the works with greater means at their disposal and those with fewer financial possibilities), as well as between the different Units.

We would like to express our gratitude for your solidarity that allows us to share our resources, and we also wish to thank those who have contributed during the year 2005 by giving their aid to the Marianist Solidarity Fund and to the Marianist Formation Fund.

Finally, we would like to thank, very especially, all our Brothers and their collaborators who are working with poor people, for a better and more-just life for all.
