UISG Campaign
Sowing Hope for the Planet

UISG Campaign

In *Laudato Si'*, **Pope Francis** has underlined the fundamental connection that exists between the environmental crisis and the social crisis that we are currently experiencing and asks us for a personal and community ecological conversion. He often reminds us "everything is interconnected." "*Sowing Hope for the Planet*" is a project in which every Sister whose congregation is a member of UISG, and their connections are provided with an opportunity to make a difference in our care of the planet. This project is a collaborative effort of the [JPIC Commission](#) in the name of [UISG](#) and the [Global Catholic Climate Movement \(GCCM\)](#).

The Season of Creation 2020

This year, the theme for the season is "Jubilee for the Earth". We invite you to consider the integral relationship between rest for the earth and ecological, economic, social and political ways of living. This particular year, the need for just and sustainable systems has been revealed by the far-reaching effects of the global COVID pandemic. We yearn for the moral imagination that accompanies the Jubilee. This guide will help you learn about the season and plan to celebrate it. More resources, including webinars and prayer services, a Facebook group, and photos, are available online. Please visit [SeasonOfCreation.org](#) to access all the materials. Goals

"Our goal is to become painfully aware, to dare to turn what is happening to the world into our own personal suffering and thus to discover what each of us can do about it."

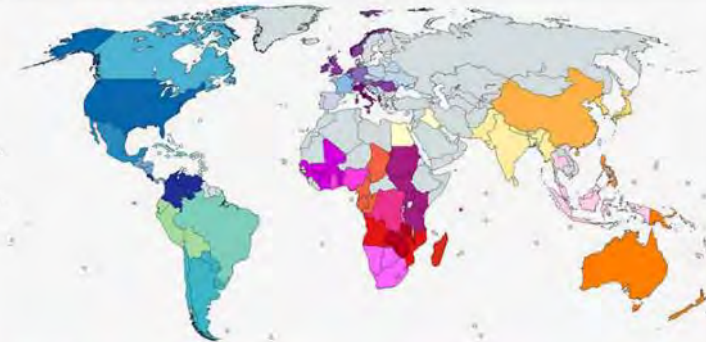

~Pope Francis, LS#19

We commit ourselves to both personal and communal conversion and
We wish to move forward together in an orchestrated and coordinated response
in Listening to the cry of the Earth and the cry of the Poor
As we go forth as instruments of hope in the heart of the world.

(Vision accepted 2019 UISG Plenary)

Our guiding goals are to create a coordinated effort of the members of UISG, provide resources for the study of Laudato Si', and to partner with like-minded organizations working care of the planet. We strive to provide opportunities to meet the "cry of the earth and the cry of the poor."

Continent: **America**
Constellation: **AM North C3**
Country: **United States**

Cry of the Earth

- air pollution
 - large emitter of carbon dioxide from the burning of fossil fuels
- water pollution from runoff of pesticides and fertilizers
- limited natural freshwater resources in much of the western part of the country require careful management
- Deforestation
- Mining
- Desertification
- species conservation
- invasive species

Cry of the Poor

- The criminal justice system—from policing and prosecution through to punishment—is plagued with injustices like racial disparities, excessively harsh sentencing, and drug and immigration policies that improperly emphasize criminalization
 - As a result, the United States has the largest reported prison population in the world.
 - Specific policies often have a particularly harsh impact on youth, racial minorities or low-income populations accused of or victimized by crime.
 - Jail and prison conditions are in many respects unsafe and inhumane
- The US has frequently invoked national security as a justification for policies that violate international law -- the torture of detainees in the US “war on terror,” secretive targeted killings abroad, and indefinite detention without trial at Guantanamo Bay.
 - large-scale surveillance by the National Security Agency is hampering the ability of journalists and lawyers to do their work and corroding US democracy

Commitments

Constellation 3 USA

1. We commit ourselves to “Sowing Hope for the Planet” and will make sure there is a contact person from every congregation.
2. We commit ourselves to focus on migration.
 - The USA is a great destination country for migrants
 - We encourage our congregations to send sisters, associates, volunteers and others to work for a time on the US/Mexico border
 - We will work with the Leadership Conference of Women Religious (LCWR) to better coordinate our efforts.
 - We will meet on Aug. 12 at our larger constellation meeting to share the information from this Plenary Assembly and to be more concrete about the actions we will take.

Opportunities for Participation

"In this universe, shaped by open and intercommunicating systems, we can discern countless forms of relationship and participation"
~Pope Francis LS #79

Upcoming events offer us an opportunity to join together with our sisters and brothers around the world to offer up our energy, prayers, and events in a unifying voice as we strive to discern and change "relationships and participation" to work for and support the "common good."

Here we list both upcoming and past events with the resources for both.

Vision of the Laudato Si' Action Platform

Integral ecology in the spirit of Laudato Si' is realized through implementing the LS Action Platform.

To engage and promote concerted individual and communitarian action for the care of our common home and to acknowledge best practices.

We proceed with seven initiatives realized in partnership and with a clear emphasis on ecological conversion

As the network grows and expands it is hoped that a "critical mass" will be created for the radical societal transformation need to address the ecological crisis.

BE ONE IN DIVERSITY: A PEOPLE FOR EVERYONE

- The salvation which God offers us is the work of his mercy. (MV.112)

ELIMINATE STRUCTURAL CAUSES OF POVERTY

FUTURE GENERATIONS AND THE VULNERABLE

- “What **kind of world do we want to leave** to those who come after us, to children who are now growing up?” (LS 160)

Build on what Religious communities **already do**

Be **simple** and **gradual** enough to be manageable

Be **inspiring** enough to motivate, and

flexible enough to suit different contexts

CRITERIA for a proposal

A process of **gradual involvement**

...by using the *See - Judge - Act* method

- = **Methodology** of the social ministry of the Church
(*Mater et magistra*, 217)
- = It starts with **real life** (listening, involvement); and with an **analysis** to understand **why** it all happens (*root causes*)
- = It proceeds with a **spiritual discernment**
- = It ends up with transforming, **inspired action**

CHARACTERISTICS of the proposal

Religious communities at the front of transition

They articulate LS according to their charism

They link local to the global

They bridge different realities to form a “people”

TRANSITION TO INTEGRAL ECOLOGY

JOURNEY TOGETHER

The PROCESS: 3 COMPONENTS

Commit your community to complete the transition to Integral Ecology within 7 years

Communicate the commitment to the public

Be accountable to the public

Celebrate accomplishments

PUBLIC COMMITMENT

Assess your situation in relation to the 7 LSGs

Embed the plan for your transition into your community project cycle

Evaluate your yearly journey and track your progress against set targets

Certify your level of accomplishment

TRANSITION TO INTEGRAL ECOLOGY

Participate in global campaigns for Integral Ecology

Join or form a Constellation for sharing and exchanging experiences

Invite other communities to join in / form partnerships (also North/South)

Link up with the *Laudato si'* Action Website (GCCM)

JOURNEYING TOGETHER

Progress on website design

1. Learn (see & judge)

A dedicated learning space full of useful resources

2. Act

An opportunity to build an action plan and find out about existing programs such as LSA

3. Track

Track progress, your environmental impacts, and take part in annual carbon tracking (longer term)
